WIPS - Continued Operation per Usual

As a reminder, the Workforce Integrated Performance System (WIPS) will be operating per usual during these unprecedented times. There should not be any user log-in or connectivity issues when accessing the system. If you are experiencing any access issues, please fill out the WIPS Technical Assistance Form found [here](#). Your inquiry will be entered into the help desk and assigned to the WIPS Development team for review.

For password reset help please keep in mind that when a password reset is initiated manually by the user on the WIPS log-in page, that the user has a total of **15 minutes** before the provided temporary password expires. When this occurs, the user will need to re-request a new password reset through the WIPS log-in page to receive a new temporary password.

The email providing you with a temporary password will say, **“BPMS – U.S. Department of Labor Password Change”** and will be sent from admin@appiancloud.com, not WIPS or WIOA.Feedback@dol.gov. Please be sure to check your spam folder if you do not see this email within your inbox.

Resetting Your Password

First, make sure your WIPS username is in all **LOWERCASE** letters when attempting to login. If you still need to reset your password after verifying your username is in all lowercase letters, select **Forgot your password?** on the WIPS login page. From here you will enter in your email address and select **SEND EMAIL**.

Please make sure to check your spam folder if you don't see an email with the subject Password Reset in your inbox. Please note, the email will be sent from Appian and this email will expire in 15 minutes.
