1. Upcoming PIRL Implementation

Upcoming PIRL Implementation

Overview

Starting July 1st 2018, Workforce Innovation and Opportunity Act data will be collected based on the PIRL revised in January 2018 ([OMB Control No. 1205-0521](#)). However, when reporting for PY17 Q4 (reports due not later than August 14, 2018), WIPS users still are required to submit data in the PIRL format approved in June 2016 ([OMB Control No. 1205-0521](#)) Additionally, for applicable programs, users are required to use the June 2016 version of the PIRL when submitting their PY18 Annual Performance Reports (reports due not later than October 1, 2018). Once the APR reporting period is closed, in October of 2018, the January 2018 version of the PIRL will be required for reporting in WIPS. Please stay tuned for specific dates as we get closer to the planned implementation window.

Additionally, starting with PY18 reporting, WIPS will no longer accept stand-alone schemas for the following programs: Wagner-Peyser, WIOA Adult, WIOA Youth, WIOA Dislocated Workers, Trade Adjustment Assistance, and Jobs for Veterans State Grants. This means that states can use either the Full PIRL or new SIRS layout to upload data for these programs.

Additional information including current and PY 2018 amended reporting requirements can be found at <https://www.doleta.gov/performance/reporting/>

Questions regarding this information should be directed to the appropriate ETA regional office. Questions specific to reporting within the system can be emailed to WIOA.Feedback@dol.gov.
