Onboarding New Grant Personnel in WIPS or Adding New NDWG Grants to State WIPS Profiles

Grantees will from time to time need to add new users in WIPS. Please keep in mind the following tips when submitting the request to WIPS to create the account:

1. When possible, the user who is seeking the new account should submit the request themselves.
2. Users requesting a new WIPS account are advised to create a login.gov account first that uses the same email address they plan to use for WIPS. If the user already has a RAPIDS account, it is recommended that they use the same email address for WIPS so that they only need to have one login.gov account.
3. Users should closely review WIPS account requests for new reporting personnel and be sure that all grant numbers and programs for which access is needed are included in their request and are correct to ensure a timely and complete response to the account request.
4. State users who are looking to update their profile to add a recently awarded NDWG grant should note that ETA will automatically add such grants to their State NDWG profile without a request, making QPR reporting available to all State team members attached to the WIPS

NDWG profile. However, QNR access must be separately requested by the individual(s) charged with narrative reporting. QNR access can be requested via a WIPS Assistance Request.
