

**WORKFORCE INVESTMENT ACT (WIA)
LOCAL DISLOCATED WORKER PROGRAM ACTIVITIES**

**FINANCIAL STATUS REPORT
INSTRUCTIONS**

GENERAL INSTRUCTIONS. The Financial Status Report (FSR) entitled “WORKFORCE INVESTMENT ACT (WIA) - LOCAL DISLOCATED WORKER PROGRAM ACTIVITIES” is the required mechanism for recipients to report program outlays (expenditures) for allowable dislocated worker activities funded through the Workforce Investment Act. Reported outlays (expenditures) and program income (addition method) must be reported on an accrual basis and cumulative by each funding source. Reports must also include any costs incurred (such as stand-in costs) that are otherwise allowable except for funding limitations.

States will be provided with software containing the required data elements (as identified on attached hard copy prototype format) for ease in reporting electronically via the Internet. Each State will be requested to provide an E-mail address which will be the point of Internet communication between the State and DOL. On-line reporting instructions and passwords will be issued to the E-mail address provided. A Personal Identification Number (PIN) will also be issued to a State-identified person who will be responsible for certifying that the data submitted is complete and accurate. When the PIN is entered by the specified State-level person, the data will become automatically accessible to DOL. Each State will be notified of the Regional Office individual (s) who will be responsible for reviewing the data. This individual (s) should be the point of contact for general reporting-related communications.

Financial reports are due no later than 45 days after the end of each quarter. A final financial report is required 90 days after the expiration of a funding period or the termination of grant support.
