	CORRESPONDENCE SYMBOL OGM/Funding
	DATE August 8, 2024

ADVISORY: TRAINING AND EMPLOYMENT GUIDANCE LETTER NO. 02-24

TO: DEPARTMENT OF LABOR FY 2024 COMMUNITY PROJECT FUNDING
RECIPIENTS

FROM: JOSÉ JAVIER RODRÍGUEZ /s/
Assistant Secretary

SUBJECT: Application Instructions and Program Guidance for Department of Labor for
FY 2024 Community Project Funding/Congressionally Directed Spending

1. **Purpose.** To provide guidance to recipients of the Department of Labor’s (Department) Fiscal Year (FY) 2024 Community Project Funding/Congressionally Directed Spending, specified in [Appendix I: Eligible Applicants](#).
2. **Action Requested.** To receive Congressionally Directed funds, eligible applicants ¹ specified in Appendix I **must** submit applications responding to this Training and Employment Guidance Letter (TEGL), including all required documents detailed in [Appendix IV](#), to [Grants.gov](#) no earlier than 12:00 am Eastern Time, September 1, 2024 and no later than 11:59 pm Eastern Time, January 31, 2025.
3. **Summary and Background.**
 - 1) Summary – This TEGL announces application procedures to solicit applications from eligible entities for the Department’s Employment and Training Administration (ETA) FY 2024 Community Project Funding/Congressionally Directed Spending grants.
 - 2) Background – On March 23, 2024, President Biden signed the Further Consolidated Appropriations Act, 2024 (Public Law 118-47). The legislation authorizes \$107,834,000 for carrying out 128 demonstration and pilot projects overseen by ETA. The purpose and award amount of each recipient is specified in the Explanatory Statement for Division D

¹ The use of the term “eligible applicants” or “applicants” in this TEGL refers to the Community Project recipients specified in the Explanatory Statement for the Further Consolidated Appropriations Act, 2024, Division D – Departments of Labor, Health and Human Services and Education, and Related Agencies Appropriations Act, 2024, Community Project Funding / Congressionally Directed Spending Table, a available at 170 Cong. Rec. H1 898-H1910 ([daily ed. March 22, 2024](#)).

RESCISSIONS None	EXPIRATION DATE Continuing

Appendix II: Award Information

Applications will be accepted and awarded on a rolling basis from 12:00 am Eastern Daylight Time, September 1, 2024, until 11:59 pm Eastern Standard Time, January 31, 2025. Grant awards will be subject to the Terms and Conditions of the Grant Agreement. The Department will provide additional guidance to applicants through tip sheets, Frequently Asked Questions (FAQs), training, or through special conditions.

The application must clearly articulate that the program design aligns with the project description authorized by Congress. Projects must utilize grant funding for direct employment and training services to individuals or for the development of workforce programs that serve a public benefit. Recipients must propose a program or services to address the project goals, demonstrate linkages with the State or local workforce system, and include measurable outcomes, and a description of activities and costs that are allowable per WIOA and the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (commonly called the "Uniform Guidance") at 2 CFR Part 200.

A. Fiscal and Administrative Responsibility

Upon grant award, the grant recipient will have overall fiscal and administrative responsibility for the award, including performance of any sub-awardees. As part of their responsibility for the award, the grant recipient shall be:

- the point of contact with the Department to receive and respond to all inquiries or communications under this award and any sub-awards.
- the entity with authority to withdraw or draw down funds.
- the entity responsible for submitting to the Department all deliverables under the award, including all related technical, programmatic, and financial and performance reports, even when work was performed by a contractor or sub-recipient.
- the entity that may request modifications to the award or Statement of Work.
- the entity with overall responsibility for carrying out programmatic functions of the award, as well as the oversight of all expenditures under the award.
- the entity responsible for requesting Grant Officer prior approval for all equipment purchases, including on behalf of sub-awardees.
- the entity responsible for coordinating with the national evaluator, if any.
- the entity responsible for working with the Department to close out the award at the end of the period of performance.

Appendix III: Funding Restrictions

All proposed project costs must be necessary and reasonable and in accordance with federal guidelines. Determinations of allowable costs will be made in accordance with the Cost Principles found at 2 CFR Part 200 (Uniform Guidance) and the Department of Labor specific requirements at 2 CFR Part 2900 U.S. Labor's Adoption and Exceptions to the Uniform Guidance. Compensation, including salaries, must be handled consistently with the Uniform Guidance, including 2 CFR Part 200.430. Disallowed costs are those charges to a grant that the grantor agency (in this case, the Department of Labor) or its representative determines not to be allowed in accordance with the Cost Principles or other conditions contained in the grant. Applicants will not be entitled to reimbursement of pre-award costs. Once awarded, the Notice of Award will specify the start and end date of the award. No costs should be incurred before or after the period of performance. The following limitations apply to funds awarded under this TEGL:

- **Salary caps:** None of the funds appropriated under the heading "Employment and Training" in the appropriation statute(s) may be used by a recipient or subrecipient of such funds to pay the salary and bonuses of an individual, either as direct costs or indirect costs, at a rate more than Executive Level II. The Executive Level II salary may change yearly and is located on the U.S. Office of Personnel Management website at [Executive Senior Level \(opm.gov\)](https://www.opm.gov). This limitation does not apply to contractors providing goods and services as defined in the Audit Requirements of the Uniform Guidance (see 2 CFR Part 200 Subpart F).
- **Construction Projects:** Construction costs or the purchase of land or buildings are not allowable.
- **Equipment:** The grant award recipient(s) must receive prior approval from the Grant Officer to purchase any equipment as defined in the Uniform Guidance at 2 CFR Part 200.1. Prior approval is required only when the per unit's acquisition cost is \$10,000 or more, regardless of the recipient's capitalization threshold. Equipment purchases must adhere to the procurement requirements found in 2 CFR Part 200.313 or 2 CFR Part 200.439.

Being awarded this grant does not automatically mean that the equipment specified in the approved budget or Statement of Work (SOW) is approved by the Grant Officer. The recipient must submit an equipment approval request to the Federal Project Officer (FPO) for review, within 90 days of the Notice of Award date. Applicants that are approved by Congress to use grant funds to purchase equipment (as specified in the description of the project's purpose as specified in the Explanatory Statement for Division D Further Consolidated Appropriations Act, 2024 and [Appendix I](#)) are alternatively invited to submit the prior approval request for an equipment purchase in their application. Whether submitted as part of the application package or as a post-award amendment application, this request must include:

1. Item name.
2. Item description and basic specifications.
3. Estimated useful life of the equipment.
4. Item cost (actual or estimated) including the cost to put the asset(s) in place and make it usable for the purpose it was acquired.
5. Purpose of acquisition: a description of how the equipment will be used to support the grant and a reference to the approved activities in the Statement of Work (and page numbers, if known). This description and justification are critical, as the information will provide the documentation that the costs to be incurred are for approved grant-related activities and in the best interests of the government.
6. Contact name with email address and telephone number.

The Grant Officer has the authority to approve or disapprove the request. All Grant Officer approvals will be in writing in the Notice of Award of the grant or in the form of an amendment to the grant agreement. The recipients are strongly encouraged to submit requests for equipment purchase as early as possible in the grant's period of performance with as many planned pieces of equipment as possible.

Except for awards with a period of performance of 12 months, recipients may not purchase equipment during the last year of the period of performance. If any approved acquisition has not occurred prior to the last funded year of performance, approval for that item is rescinded.

Appendix IV: Application Submission

Applicants must submit an application, which includes a funding request for the amount specified in the Explanatory Statement for Division D Further Consolidated Appropriations Act, 2024, as listed in [Appendix I](#). If your organization is receiving funding for more than one Community Project, please submit a separate application package for each project for which funding is requested. Please do not include materials that are not requested or required, such as resumés or general letters of support (such as those from elected officials).

A. Required Documents

To achieve greater efficiency and streamline the grant award process, ETA requires applicants to submit the following items through [Grants.gov](#). Please note that ETA will not accept an application package submitted via other electronic mediums (such as e-mail or fax) or via paper copy.

The application must include each of the following required documents:

1) SF-424, “Application for Federal Assistance”

The SF-424 (available at [SF-424 Family | Grants.gov](#)) must clearly identify the applicant entity and must be submitted by an individual with authority to enter into a grant agreement. The applicant entity must be the organization specified in the Explanatory Statement for Division D Further Consolidated Appropriations Act, 2024 Community Project Funding/Congressional Directed Spending Table.

The individual signing the SF-424 must include their email address that has the same domain as the contact listed in the organization’s Sam.gov record. Upon the issuance of the award, the individual “signing” the SF-424 on behalf of the applicant is considered the Authorized Representative of the applicant. As stated in block 21 of the SF-424, the signature of the Authorized Representative on the SF-424 certifies that the organization is in compliance with the Assurances and Certifications form SF-424B (available at the above link). The Department communicates exclusively with the individuals named as the Authorized Representative and Point of Contact on the SF-424. We recommend that those roles be filled by two different individuals to facilitate backup.

Item 18 should only reflect federal Community Project grant funds. For Item 19, select “c: Program is not covered by E.O. 12372.” Applicants do not need to submit the SF-424B with the application.

2) Project Budget

- The SF-424A “Budget Information Form” (available at [SF-424 Family | Grants.gov](#)); and

- **Budget Narrative:** The Budget Narrative must provide a concise description of costs associated with each line item on the SF-424A. See [Attachment A](#) for the structure and content requirements of the Budget Narrative.

Note that the SF-424, SF-424A, and Budget Narrative must include the entire federal grant amount specified in the Further Consolidated Appropriations Act, 2024. The SF-424a should reflect the grant amount throughout the entire period of performance (in a multi-year project). Do not include any match or leveraged resources on the SF-424 and SF-424A. There is no Match Requirement. Leveraged resources, if any, may only be described separately from federal grant funds in the Budget Narrative.

Applicants should list the same federal grant amount on the SF-424, SF-424A, and Budget Narrative. This amount must not differ from the amount listed for the applicant organization in the table found in [Appendix I](#).

When submitting in Grants.gov, the Budget Narrative must be uploaded as an attachment to the application package and labeled “Budget Narrative.”

3) Project Abstract

This attachment must summarize the proposed project, including, but not limited to, the scope of the project and proposed outcomes. The Abstract is limited to two double-spaced, single-sided, 8.5 x 11-inch pages using Section 508 compliant typeface, such as Helvetica, Verdana, Arial, Calibri, Franklin Gothic Book, 12-point text font and 1-inch margins. This is included as an attachment and does not count against the page limitation of the project narrative. See [Attachment B](#) for a list of the required contents of the Abstract and a suggested abstract template.

When submitting in Grants.gov, this document must be uploaded as an attachment to the application package and labeled “Abstract.”

4) Project Narrative

The Project Narrative is a comprehensive framework of the grant’s workforce training program. It provides a comprehensive framework and description of all aspects of the proposed project. Applicants must integrate the project description in the Explanatory Statement for Division D Further Consolidated Appropriations Act, 2024, and provided as [Appendix I](#). Recipients must also demonstrate the organization’s ability to implement the project TEGL.

The Project Narrative is limited to 10 double-spaced, single-sided, 8.5 x 11-inch pages using Section 508 compliant typeface, such as Helvetica, Verdana, Arial, Calibri, Franklin Gothic Book, 12-point text font and 1-inch margins. You must number the Project Narrative beginning with page number 1. See [Attachment C](#) for details on the structure and content requirements for the Project Narrative.

When submitting in Grants.gov, this document must be uploaded as an attachment to the application package and labeled “Project Narrative.”

5) Work Plan

The Work Plan describes the project’s goals, key milestones, and deliverables throughout the proposed period of performance. This is included as an attachment and does not count against the page limitation of the project narrative. See [Attachment D](#) for a suggested template and more information.

When submitting in Grants.gov, this document must be uploaded as an attachment to the application package and labeled “Work Plan.”

6) Project Organizational Chart

The Project Organizational Chart is a visualization of the key staff and partners that have a direct role in managing and implementing the project. This is included as an attachment and does not count against the page limitation of the project narrative. See [Attachment E](#) for an example organizational chart and more information.

When submitting in Grants.gov, this document must be uploaded as an attachment to the application package and labeled “Organizational Chart.”

7) Performance Measures and Target Outcome Goals if applicable

Applicants are strongly encouraged to propose performance measures and target outcome goals. See [Attachment F](#) and for more information on WIOA Performance Reporting Guidelines, including a sample template that may be used to describe the proposed performance measures and target outcome goals. This is included as an attachment and does not count against the page limitation of the project narrative.

When submitting in Grants.gov, this document must be uploaded as an attachment to the application package and labeled “Performance Goals.”

8) Letters of Commitment, if applicable

Submit signed and dated Letters of Commitment or Memoranda of Understanding between the applicant and partner organizations and/or sub-recipients that propose to provide services to support the program model and lead to the identified outcomes. See [Attachment G](#) for details. These are included as attachments and do not count against the page limitation of the project narrative.

When submitting in Grants.gov, these letters must be uploaded as an attachment to the application package and labeled “Letters of Commitment.”

9) Financial System Risk Assessment

All applicants are requested to submit Funding Opportunity Announcement Financial System Risk Assessment Information. See [Attachment H](#) for a sample template and additional instructions.

When submitting in Grants.gov, this document must be uploaded as an attachment to the application package and labeled “FSRA.”

10) Request for equipment prior approval, if applicable

Only applicants approved by Congress to use grant funds to purchase equipment (as specified in the description of the project’s purpose as specified in the Explanatory Statement for Division D Further Consolidated Appropriations Act, 2024 and Appendix I: Eligible Applicants) are invited to submit the requisite prior approval request for equipment as part of their application package. See [Appendix III](#).

When submitting in Grants.gov, this document must be uploaded as an attachment to the application package and labeled “EPAR” as applicable.

11) Negotiated Indirect Cost Rate Agreement (NICRA) or Cost Allocation Plan (CAP), if applicable

Applicants that have a federally approved NICRA or CAP and are charging indirect costs must submit the approved current agreement as part of the application.

When submitting in Grants.gov, this document must be uploaded as an attachment to the application package and labeled “NICRA” or “CAP” as applicable.

Save all files with descriptive file names as specified of 50 characters or less and only use standard characters in file names: A-Z, a-z, 0-9, and underscore (_). File names may not include special characters (e.g. &, -, *, %, /, #), periods (.), blank spaces, or accent marks, and must be unique (e.g. no other Attachment may have the same file name). You may use an underscore (example: My_Attached_File.pdf) to separate a file name.

B. Grants.gov Submission Process

Applicants must submit the application package through [Grants.gov](#). Submission via other electronic mediums will not be accepted, nor will hard copy submissions. This submission process may at times be complicated and time-consuming. As such, the Department strongly encourages applicants to initiate the process as soon as possible, well before the final day, to allow time to resolve unanticipated technical problems. Applicants needing to register with Grants.gov may do so at [Register | Grants.gov](#). Registration is a one-time process, and applicants that already have a Grants.gov account do not need to register again. Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For a complete Workspace overview, refer to [Workspace-Overview | Grants.gov](#).

For technical issues encountered during application submission, applicants may call 800-518-4726, or 606-545-5035 to speak to a Customer Support Representative, or email support@grants.gov. The Contact Center is open 24 hours a day, seven days a week, but closes on federal holidays.

C. Requirement for Unique Entity Identified (UEI) Number

All applicants for federal grant funding must have a Unique Entity Identifier (UEI) on the SF-424. If your entity is registered with the System for Award Management (SAM), your UEI has already been assigned and is viewable under your entity record. Organizations that are not registered with SAM can obtain more information about obtaining a UEI at [SAM.gov](https://sam.gov). Grant recipients authorized to make sub-awards must meet these requirements related to UEI numbers:

- Grant recipients must notify potential sub-awardees that no entity may receive a sub-award from the recipient unless the entity has provided its UEI number to the lead applicant; and
- Grant recipients may not make a sub-award to an entity unless the entity has provided its UEI number to the applicant. (See, Appendix A to 2 CFR Part 25.)

D. Requirement for Registration with SAM

Recipients must register with SAM before submitting an application. Find instructions for registering with SAM at [SAM.gov](https://sam.gov).

A recipient must always maintain an active SAM registration with current information during which it has an active federal award or an application under consideration. To remain registered in the SAM database after the initial registration, the recipient is required to review and update the registration at least every 12 months from the date of initial registration or subsequently update its information in the SAM database to ensure it is current, accurate, and complete. For purposes of this paragraph, the recipient is the entity that meets the eligibility criteria and has the legal authority to apply and to receive the award. If an applicant has not fully complied with these requirements by the time the Grant Officer is ready to make a federal award, the Grant Officer may determine that the applicant is not qualified to receive a federal award.

Appendix V: Application Review and Award

ETA intends to fund awards for any recipient: (i) who adequately demonstrates their ability to achieve grant goals through a clear, detailed, and reasonable project narrative, and (ii) whose budget and budget narrative are sufficient to support the activities in the program narrative. This includes adequate staffing levels to support grant goals and grant management. Community Project recipients must design their project to align with the description approved by Congress as specified in the Explanatory Statement for Division D Further Consolidated Appropriations Act, 2024 Community Project Funding/Congressional Directed Spending Table and provided in this TEGL as [Appendix I](#).

A. Application Submission and Review Process

On September 1, 2024, ETA will start accepting applications. Applicants must meet all the requirements detailed in this TEGL when submitting the application. Community Project recipients must submit their applications in [Grants.gov](#). ETA will not accept applications sent by hard-copy (including overnight delivery), hand-delivered, e-mail, or any other electronic medium. All required elements outlined in [Appendix IV](#) of this TEGL must be submitted. Application packages will first be screened to determine if the applicant meets the eligibility requirements specified in [Appendix I](#). To determine whether submitted applications meet requirements, applications will be reviewed by ETA National Office and Regional Office staff. ETA is responsible for the review and approval of Community Project applications to ensure they meet all required program, financial, operational, and policy requirements. Provided is an overview of the application review process:

- 1) An initial review of the application for eligibility and whether all required documents have been submitted.
- 2) Reviews of the application components as specified in [Appendix IV](#); and
- 3) If necessary, a representative from the regional office will work with the recipient to resolve concerns with the application, as determined during the review process, that will delay the grant award.
- 4) Before the grant is awarded, the Department may enter negotiations about such items as program components, staffing and funding levels, and administrative systems in place to support grant implementation.

B. Application Risk Review

All applications deemed to be complete and responsive by the Grant Officer will go through a risk review process. Before making an award, ETA will review information available through any Office of Management and Budget (OMB)-designated repository of government-wide eligibility qualification or federal integrity information, such as the Federal Awardee Performance and Integrity System (FAPIS), SAM.gov, and “Do Not Pay.” Additionally, ETA will comply with the requirements of 2 CFR Part 180 (Government-wide Debarment and Suspension (Non-Procurement)). This risk evaluation may incorporate results of the evaluation of the applicant’s eligibility (application screening), or the quality of its application (technical

review). If ETA determines that an entity is responsible and an award will be made, special conditions that correspond to the degree of risk assessed may be applied to the award. Risk-related criteria evaluated include:

- 1) Financial stability.
- 2) Quality of management systems and ability to meet the management standards prescribed in the Uniform Guidance.
- 3) History of performance. The applicant's record in managing awards, cooperative agreements, or procurement awards, if it is a prior recipient of such federal awards, including timeliness of compliance with applicable reporting requirements, and if available, the extent to which any previously awarded amounts will be expended prior to future awards.
- 4) Reports and findings from audits performed under Sub-part F – Audit Requirements of the Uniform Guidance (2 CFR Parts 200.500 – 200.520) or the reports and findings of any other available audits and monitoring reports containing findings, issues of non-compliance, or questioned costs; and
- 5) The applicant's ability to effectively implement statutory, regulatory, or other requirements applicable to recipients.

C. Grant Award

If the grant application meets the TEGl requirements, ETA may elect to award a grant with or without discussions with the recipient. Should a grant be awarded without discussions, the recipient's signature on the SF-424 is incorporated to the award by reference, constituting a binding acceptance of the grant award by the applicant.

Applications recommended for award will be funded via Notices of Award attached to a Grant Agreement issued by the Grant Officer. Grants will be awarded on a rolling basis as the above steps are completed. Grantees will receive a notification from the ETA grants management system GrantSolutions when the award is issued. This notification will include instructions on how to create user accounts and access the grant file.

Appendix VI: Administrative and National Policy Requirements**A. Administrative Program Requirements**

All grant recipients will be subject to all applicable federal laws and regulations, including the Uniform Guidance, the 2024 revisions to the Uniform Guidance, and the terms and conditions of the award. The grant(s) awarded under this TEGL will be subject to the following administrative standards and provisions:

- i. Non-Profit Organizations, Educational Institutions, For-profit entities, and State, Local, and Indian Tribal Governments – 2 CFR Part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) and 2 CFR Part 2900 (the Department’s Supplement to 2 CFR Part 200). This includes all revisions to the Uniform Guidance effective for awards issued after October 1, 2024.
- ii. All recipients must comply with the applicable provisions of the Workforce Innovation and Opportunity Act (WIOA), Public Law No. 113-328, 128 Stat. 1425 (codified as amended at 29 U.S.C. 3101 et. seq.) and the applicable provisions of the regulations at 20 CFR Part 675 et. seq.
- iii. All entities must comply with 29 CFR Part 93 (New Restrictions on Lobbying), 29 CFR Part 94 (Governmentwide Requirements for Drug-Free Workplace (Financial Assistance)), 2 CFR Part 180 (Office of Management and Budget Guidance to Agencies on Government-wide Debarment and Suspension (Non-procurement)), and, where applicable, 2 CFR Part 200 (Audit Requirements).
- iv. 29 CFR Part 2, subpart D—Equal Treatment in Department of Labor Programs for Religious Organizations; Protection of Religious Liberty of Department of Labor Social Service Providers and Beneficiaries.
- v. 29 CFR Part 31—Nondiscrimination in Federally Assisted Programs of the Department of Labor—Effectuation of Title VI of the Civil Rights Act of 1964.
- vi. 29 CFR Part 32—Nondiscrimination on the Basis of Handicap in Programs or Activities Receiving Federal Financial Assistance.
- vii. 29 CFR Part 35—Nondiscrimination on the Basis of Age in Programs or Activities Receiving Federal Financial Assistance from the Department of Labor.
- viii. 29 CFR Part 36—Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Financial Assistance.
- ix. 29 CFR Part 38 – Implementation of the Nondiscrimination and Equal Opportunity Provisions of the Workforce Innovation and Opportunity Act.
- x. 29 CFR Parts 29 and 30—Labor Standards for the Registration of Apprenticeship Programs, and Equal Employment Opportunity in Apprenticeship and Training, as applicable.

- xi. The Department will follow the procedures outlined in its Freedom of Information Act (FOIA) regulations (29 CFR Part 70). If a FOIA request is received for your application, the procedures in Department's FOIA regulations for responding to requests for commercial/business information submitted to the government will be followed, as well as all FOIA exemptions and procedures. See generally 5 U.S.C. § 552; 29 CFR Part 70.
- xii. Standard Grant Terms and Conditions of Award—see the following link: [Resources | U.S. Department of Labor \(dol.gov\)](#).

B. Other Legal Requirements

1) Religious Activities

The Department notes that the Religious Freedom Restoration Act (RFRA), 42 U.S.C. § 2000bb, applies to all federal law and its implementation. If an applicant organization is a faith-based organization that makes hiring decisions on the basis of religious belief, it may be entitled to receive federal financial assistance under this grant solicitation and maintain that hiring practice. As stated in 29 CFR Part 2.32(a), religious organizations are eligible on the same basis as any other organization, to seek the Department's support or participate in the Department's programs for which they are otherwise eligible. The Department's guidance is found at [The Effect of the Religious Freedom Restoration Act on Recipients of DOL Financial Assistance | U.S. Department of Labor](#).

2) Lobbying or Fundraising

In accordance with Section 18 of the Lobbying Disclosure Act of 1995 (Public Law 104-65) (2 U.S.C. § 1611), non-profit entities incorporated under Internal Revenue Service Code section 501I(4) that engage in lobbying activities are not eligible to receive federal funds and grants. No activity, including awareness-raising and advocacy activities, may include fundraising for, or lobbying of, U.S. federal, state, or local governments (see 2 CFR Part 200.450 for more information).

3) Transparency Act Requirements

You must ensure that you have the necessary processes and systems in place to comply with the reporting requirements of the Federal Funding Accountability and Transparency Act of 2006 (Pub. Law 109-282, as amended by the Government Funding Transparency Act of 2008, Pub. Law 110-252, Title VI, Chap. 2, Sec. 6202), as follows:

- Except for those excepted from the Transparency Act under sub-paragraphs 1, 2, and 3 below, you must ensure that you have the necessary processes and systems in place to comply with the subaward and executive total compensation reporting requirements of the Transparency Act, should you receive funding.
 - a. Upon award, you will receive detailed information on the reporting requirements of the Transparency Act, as described in 2 CFR Part 170, Appendix A, which can be found at [2010-22705.pdf \(govinfo.gov\)](#).

The following types of awards are not subject to the Federal Funding Accountability and Transparency Act:

1. Federal awards to individuals who apply for or receive federal awards as natural persons (e.g., unrelated to any business or non-profit organization they may own or operate in their name).
2. Federal awards to entities that had a gross income, from all sources, of less than \$300,000 in the entities' previous tax year; and,
3. Federal awards if the required reporting would disclose classified information.

4) Safeguarding Data Including Personally Identifiable Information (PII)

Applicants submitting applications in response to this TEGL must recognize that confidentiality of PII and other sensitive data is of paramount importance to the Department and must be observed except where disclosure is allowed by the prior written approval of the Grant Officer or by court order. By submitting an application, you are assuring that all data exchanges conducted through or during the course of performance of this grant will be conducted in a manner consistent with applicable federal law and [TEGL No. 39-11](#) (issued June 28, 2012). All such activity conducted by the ETA and/or recipient(s) will be performed in a manner consistent with applicable state and federal laws.

By submitting a grant application, you agree to take all necessary steps to protect such confidentiality by complying with the following provisions that are applicable in governing the handling of confidential information: You must ensure that PII and sensitive data developed, obtained, or otherwise associated with federally funded grants is securely transmitted.

- i. To ensure that such PII is not transmitted to unauthorized users, all PII and other sensitive data transmitted via email or stored on Compact Discs, Digital Video Discs, thumb drives, etc., must be encrypted using a Federal Information Processing Standards (FIPS) 140-2 compliant and National Institute of Standards and Technology (NIST) validated cryptographic module. You must not email unencrypted sensitive PII to any entity, including ETA or contractors.
- ii. You must take the steps necessary to ensure the privacy of all PII obtained from participants and/or other individuals and to protect such information from unauthorized disclosure. You must maintain such PII in accordance with the ETA standards for information security described in TEGL No. 39-11 and any updates to such standards we provide to you. Grant recipients who wish to obtain more information on data security should contact their Federal Project Officer.

- iii. You must ensure that any PII used during the performance of your grant has been obtained in conformity with applicable federal and state laws governing the confidentiality of information.
- iv. You further acknowledge that all PII data obtained through your ETA grant must be stored in an area that is physically safe from access by unauthorized persons at all times and the data will be processed using recipient-issued equipment, managed information technology (IT) services, and designated locations approved by ETA. Accessing, processing, and storing of ETA grant PII data on personally owned equipment, at off-site locations, (e.g., employee's home), and non-recipient managed IT services (e.g., Yahoo mail), is strictly prohibited unless approved by ETA.
- v. Your employees and other personnel who will have access to sensitive/confidential/proprietary/private data must be advised of the confidential nature of the information, the safeguards required to protect the information, and that there are civil and criminal sanctions for noncompliance with such safeguards that are contained in federal and state laws.
- vi. You must have policies and procedures in place under which your employees and other personnel, before being granted access to PII, acknowledge their understanding of the confidential nature of the data and the safeguards with which they must comply in their handling of such data, as well as the fact that they may be liable to civil and criminal sanctions for improper disclosure.
- vii. You must not extract information from data supplied by ETA for any purpose not stated in the grant agreement.
- viii. Access to any PII created by the ETA grant must be restricted to only those employees of the grant recipient who need it in their official capacity to perform duties in connection with the scope of work in the grant agreement.
- ix. All PII data must be processed in a manner that will protect the confidentiality of the records/documents and is designed to prevent unauthorized persons from retrieving such records by computer, remote terminal, or any other means. Data may be downloaded to, or maintained on, mobile or portable devices only if the data are encrypted using NIST validated software products based on FIPS 140-2 encryption. In addition, wage data may be accessed only from secure locations.
- x. PII data obtained by the recipient through a request from ETA must not be disclosed to anyone but the individual requestor, except as permitted by the Grant Officer or by court order.
- xi. You must permit ETA to make onsite inspections during regular business hours for the purpose of conducting audits and/or conducting other investigations to

assure that you are complying with the confidentiality requirements described above. In accordance with this responsibility, you must make records applicable to this Agreement available to authorized persons for the purpose of inspection, review, and/or audit.

- xii. You must retain data received from ETA only for the period required to use it for assessment and other purposes, or to satisfy applicable federal records retention requirements, if any. Thereafter, you agree that all data will be destroyed, including the degaussing of magnetic tape files and deletion of electronic data.

5) Record Retention

You must follow federal guidelines on record retention, which require that you maintain all records pertaining to grant activities for a period of at least three years from the date of submission of the final expenditure report. See 2 CFR Part 200.334-200.338 for more specific information, including information about the start of the record retention period for awards that are renewed quarterly or annually, and when the records must be retained for more than three years.

6) Use of Contracts and Subawards

You must abide by the following definitions of contract, contractor, subaward, and subrecipient.

Contract: Contract means, for the purpose of Federal financial assistance, a legal instrument by which a recipient or subrecipient conducts procurement transactions under a federal award.

Contractor: Contractor means an entity that receives a contract.

Subaward: Subaward means an award provided by a pass-through entity to a subrecipient to contribute to the goals and objectives of the project by carrying out part of a federal award received by the pass-through entity. The authority of the pass-through entity under this part goes through the subaward agreement between the pass-through entity and subrecipient. A subaward may be provided through any form of legal agreement, including an agreement consistent with criteria in 2 CFR 200.331, including an agreement that the pass-through entity considers a contract.

Subrecipient: Subrecipient means an entity that receives a subaward from a pass-through entity to carry out part of a federal award. The term subrecipient does not include a beneficiary or participant. A subrecipient may also be a recipient of other federal awards directly from a federal agency.

You must follow the provisions at 2 CFR Part 200.331-200.333 regarding subrecipient monitoring and management. Also see 2 CFR Part 200.308(f)(6) regarding prior approval requirements for subawards. When awarding subawards, you are required to

comply with provisions on government-wide suspension and debarment found at 2 CFR Part 180 and 2 CFR Part 2998 (the Department's Supplement to 2 CFR Part 180).

7) Closeout of Grant Award

Any entity that receives an award under this Announcement must close its grant with ETA at the end of the final year of the grant. Information about this process may be found in [ETA's Grant Closeout FAQ](#).

C. Other Administrative Standards and Provisions

Except as specifically provided in this TEG, our acceptance of an application and an award of federal funds to sponsor any programs(s) does not provide a waiver of any grant requirements and/or procedures. For example, the Uniform Guidance requires that an entity's procurement procedures ensure that all procurement transactions are conducted, as much as practical, to provide full and open competition. If an application identifies a specific entity to provide goods or services, ETA does not provide the justification or basis to sole source the procurement (i.e., avoid competition).

Appendix VII: National Program Office Requirements

A. Pre-Award Technical Assistance

The Community Project Grants National Program Office, led by the Office of Regional Management (ORM), will work with the Office of Grants Management (OGM), and the Regional Offices (RO) to provide technical assistance (TA) to Community Project recipients. To support recipients in submitting quality and timely applications, TA may be delivered through webinars, webcasts, conference calls, emails, and other materials and resources.

B. Abstract Review Technical Assistance Opportunity

All recipients are invited, but not required, to submit their application's Project Abstract (see Attachment E) prior to officially submitting the complete application. ETA staff will review the abstract and provide feedback or initiate TA for recipients who require or request support on the development of the project narrative, and related attachments, as required by this TEGL. To request TA, recipients may submit the abstract to the Community Projects Program Office, CPGrants.ProgramOffice@dol.gov, no later than **September 30, 2024**. This TA opportunity is only to address the project design proposed in the Project Abstract.

Questions that do not relate to the project design must be sent via email to the Office of Grants Management (OGM) at Community.Projects.ETA@dol.gov. The full applications, including the abstract and other required documents, must be submitted in [Grants.gov](https://www.dhs.gov/grants).

C. Post-Award Technical Assistance

After the grant is awarded, grant recipients are required to participate in all ETA training activities related to grant recipient orientation, financial management and reporting, performance reporting, product dissemination, and other technical assistance training as appropriate during the grant period. These sessions may occur via conference calls and virtual events such as webinars and in-person meetings.

D. ETA Evaluation

As a condition of the grant award, grant recipients are required to participate in an evaluation, if undertaken by the Department. The evaluation may include an implementation assessment across grant recipients, an impact and/or outcomes analysis of all or selected sites within or across grant recipients, and a benefit/cost analysis or assessment of return on investment. Conducting an impact analysis could involve random assignment (which involves random assignment of eligible participants into a treatment group that would receive program services or enhanced program services, or into control group(s) that would receive no program services or program services that are not enhanced). We may require applicants to collect data elements to aid the evaluation. As a part of the evaluation, as a condition of award, grant recipients must agree to: (1) make records available to the evaluation contractor on participants, employers, and funding, (2) provide access to program operating personnel, participants, and operational and financial records, and any other relevant documents to calculate program costs and benefits, (3)

in the case of an impact analysis, facilitate the assignment by lottery of participants to program services, including the possible increased recruitment of potential participants, and (4) follow evaluation procedures as specified by the evaluation contractor under the direction of the Department.

Appendix VIII: Reporting Requirements

Community Project recipients must meet the Department's reporting requirements, specifically, by submitting the reports and documents provided below.

A. Quarterly Financial Reports

The ETA Financial Report (ETA-9130) is required until such time as all funds have been expended or the grant period has expired. Quarterly reports are due approximately 45 days after the end of each calendar year quarter. On the final Financial Report, grantees must include any subaward amounts so that ETA can calculate final indirect costs, if applicable. Grantees must submit the ETA 9130 through the Federal [Payment Management System](#). When submitting the ETA 9130, it is required to have segregation of duties with one person preparing the report and another certifying the report in PMS. Additional instructions will be provided upon grant award. For other guidance on ETA financial reporting, reference [Payment Information | U.S. Department of Labor \(dol.gov\)](#) and [Financial Reporting | U.S. Department of Labor \(dol.gov\)](#).

B. Quarterly Performance Progress Report

Community Project recipients are required to submit quarterly performance progress reports to comply with the reporting, record-keeping, and monitoring requirements of the grant. [TEGL No. 14-18: Aligning Performance Accountability Reporting, Definitions, and Policies Across Workforce Employment and Training Programs Administered by the U.S. Department of Labor \(DOL\)](#), and any subsequent future changes, provide performance reporting guidance for the Department's Core Programs, and Non-core Programs. Community Project Grants are classified as non-core programs and referenced as Demonstration Grants.

Performance progress reports are due 45 days after the end of each quarter of the calendar year. ETA's Workforce Integrated Performance System (WIPS) must be used to submit performance progress reports. The Quarterly Performance Progress Report is comprised of the Quarterly Narrative Performance Report (QNR) (ETA-9179) and the Quarterly Performance Report (QPR) (ETA-9173).

Quarterly Narrative Performance Report (ETA-9179): All Community Project recipients must submit the QNR to provide an update on the project's implementation status to date, including program and participant success stories, upcoming grant activities, and promising approaches and processes, as well as progress toward performance outcomes, including updates on product, curricula, and training development.

Quarterly Performance Report (ETA-9173): All Community Project grantees are required to submit the QPR using individual performance records according to the WIOA Participant Individual Record Layout (PIRL) (ETA-9172). The QPR is used to report

outcomes for participants who receive grant-funded training and employment services, along with other supportive services.

C. Guidance for Collecting and Reporting Participant Data

ETA grantees, including Community Projects, must establish processes and procedures for the collection and reporting of participant data per TEGL 14-18. Additional guidance directs grantees to request and collect participants' SSNs for the Department to obtain participant information for ETA's Primary Indicators of Performance: employment status in the second and fourth quarters after exit; median earnings in the second quarter after exit; and on post-exit employment status for participants who attain secondary school diplomas or their recognized equivalent for the primary indicator of performance for credential attainment. Matching a participant's SSN against quarterly wage record information is, where a wage match is available, the most efficient method for determining employment status and earnings for a program participant. Please note, however, that while grantees must request participants' SSNs, participants cannot be denied services if they choose not to disclose.

DOL will ensure appropriate security within the data collection system to protect SSNs and any other personally identifiable information (PII) collected and transmitted to DOL. Grantees must follow appropriate practices in collecting, storing, handling, and transmitting PII, as described in [Appendix VI](#) of this TEGL. Technical assistance on data collection and performance reporting submission requirements will be provided upon grant award.

D. Proposed Performance Measures and Target Outcome Goals

To provide a robust account of the project's success, applicants are strongly encouraged, but not required, to propose qualitative and/or quantitative performance measures and target outcome goals.

These target goals should be attainable and achievable based on the funding amount, the proposed program design, and the delivery of activities that the grant will support within the period of performance. Recipients may propose performance measures that include one or more, but not limited to:

- the total **number** of participants that receive grant-funded services.
- total **number** of participants that begin training.
- the total number of participants that complete training.
- total **number** of participants that earn credentials; and
- total **number** of participants that enter employment.

Community Project recipients are not required to propose ETA's Primary Indicators of Performance. Quantitative performance measures and target outcomes are reported in the QPR (ETA-9173). Qualitative performance measures, including quantitative measures that cannot be reported using the QPR, are reported in the QNR (ETA-9179). The Department

will use these reports as a benchmark for monitoring, compliance assistance, and programmatic technical assistance through the grant period of performance. It will also be used as the baseline to assess the project's success at the end of the grant.

Agency Contacts

Please direct questions regarding this TEGL to the Office of Grants Management at Community.Projects.ETA@dol.gov, copying the Office of Regional Management at CPGrants.ProgramOffice@dol.gov. Recipients should include a contact name, organization name, phone number and email with all questions to provide a means of response.

Appendix X: Office of Management and Budget (OMB) Information Collection

OMB Information Collection No 1225-0086, Expires July 31, 2025.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 20 hours per response, including time for reviewing instructions, searching existing data sources, gathering, and maintaining the data needed, and completing and reviewing the collection of information.

Send comments about the burden estimated or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, to the attention of the Departmental Clearance Officer, 200 Constitution Avenue, NW, Room N-1301, Washington, D.C. 20210. Comments may also be emailed to: DOL_PRA_PUBLIC@dol.gov.

PLEASE DO NOT RETURN YOUR GRANT APPLICATION TO THIS ADDRESS. SEND ONLY COMMENTS ABOUT THE BURDEN CAUSED BY THE COLLECTION OF INFORMATION TO THIS ADDRESS. SEND YOUR GRANT APPLICATION TO THE SPONSORING AGENCY AS SPECIFIED EARLIER IN THIS ANNOUNCEMENT.

The information being collected through this TEGL is for the purpose of awarding a grant. This information is required to be considered for this grant.

Attachment A: Budget Narrative Guidance

Each category must include the total cost for the entire period of performance. Use the following guidance for preparing the Budget Narrative.

Personnel: List all staff positions by title (both current and proposed) including the roles and responsibilities. For each position, give the annual salary, the percentage of time devoted to the project, and the annual and total amounts of each position’s salary funded by the grant.

Fringe Benefits: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, Federal Insurance Contributions Act payroll tax, retirement, etc.

Travel: For grant recipient staff only, specify the purpose, number of staff traveling, mileage, per diem, estimated number of in-state and out-of-state trips, and other costs for each type of travel. Participant travel should not be included in this cost category and must instead be categorized under another cost category such as “Other.”

Equipment: Equipment purchases may be included within community project funding only as an incidental part of the entire project, unless Congress specifically included the purchase of equipment in the description of the project’s purpose included in the Explanatory Statement for Division D Further Consolidated Appropriations Act, 2024.

Identify each item of equipment intended to be purchased that has an estimated acquisition cost of \$10,000 or more per unit (or if your capitalization level is less than \$10,000, use your capitalization level) and a useful lifetime of more than one year (see 2 CFR Part 200.1 for the definition of Equipment). List the item, quantity, and the unit cost per item.

Items with a unit cost of less than \$10,000 are supplies, not “equipment.” In general, except for grants with a 12-month period of performance, the purchase of equipment is not permitted during the last funded year of the grant.

Supplies: Identify categories of supplies (e.g., office supplies) in the detailed budget and list the item, quantity, and the unit cost per item. Supplies include all tangible personal property other than those described in “equipment”.

Contractual: Under the Contractual line item, delineate contracts and subawards separately.

See [Appendix VI](#) for the definitions of subaward and contract.

For each proposed contract and subaward, specify the purpose and activities to be provided, and the estimated cost.

Construction: Construction costs are generally not an allowable cost, and this line should be zero. Minor alterations to adjust an existing space for grant activities (such as a classroom alteration) may be allowable. We do not consider this as construction and you must show the costs on other appropriate lines, such as Contractual.

Other: Provide clear and specific details, including costs, for each item so that a determination can be made whether the costs are necessary, reasonable, and allocable. List items, such as participant stipends, participant travel costs, or incentives not covered elsewhere. When applicable, list the per participant and total cost for items.

Indirect Costs: If you include an amount for indirect costs (through a Negotiated Indirect Cost Rate Agreement or De Minimis) on the SF-424A budget form, then include one of the following:

- a. If you have a Negotiated Indirect Cost Rate Agreement (NICRA), provide a current version of the NICRA, and an explanation of how the indirect costs is calculated. This explanation should include which portion of each line item, along with the associated costs, are included in your cost allocation base.
- b. If you intend to claim indirect costs using the 15 percent de minimis rate, please confirm that your organization meets the requirements as described in 2 CFR Part 200.414(f) and does not have a current negotiated (including provisional) rate, and is not one described in 2 CFR Part 200, Appendix VII(D)(1)(b).

Applicants choosing to claim indirect costs using the de minimis rate must use Modified Total Direct Costs (defined below) as their cost allocation base. Provide an explanation of which portion of each line item, along with the associated costs, are included in your cost allocation base. Note that there are various items not included in the calculation of Modified Total Direct Costs. See the definitions below to assist you in your calculation.

Modified Total Direct Cost (MTDC) Definition: To avoid a serious inequity in the distribution of indirect costs, The Department defines MTDC as all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$50,000 of each subaward or contract (regardless of the period of performance of the subawards and contracts under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$50,000.

- You will also note that participant support costs are not included in modified total direct costs. Participant support costs are defined below.
- Participant Support Cost means direct costs that support participants and their involvement in a Federal award, such as stipends, subsistence allowances, travel allowances, registration fees, temporary dependent care, and per diem paid directly to or on behalf of participants.

Additionally, the following link contains information regarding the negotiation of Indirect Cost Rates at the Department: [Cost & Price Determination Division | U.S. Department of Labor \(dol.gov\)](#).

Indirect-type costs (such as top management salaries, financial oversight, human resources, payroll, personnel, auditing costs, accounting and legal, etc. used for the general oversight and administration of the organization) must not be classified as direct costs; these types of costs are recovered as part of charging the de minimis or NICRA rate. Note that the SF-424, SF-424A, and Budget Narrative must include the entire federal grant amount requested (not just one year).

Attachment B: Project Abstract and Suggested Template

Applicants must submit a Project Abstract. The abstract is a snapshot of the proposed project design as further described in the Project Narrative. The information provided in the abstract will determine if TA is needed to submit a successful grant application. The Abstract must include the following information:

1. Name of Community Project Funding/Congressionally Directed Spending Recipient: The name of the recipient specified in the Appropriation.
2. Approved Funding Level: The funding amount specified in the Appropriation.
3. Approved Project Description: The project description specified in the Appropriation.
4. Congressional Sponsor: Congressmember(s) and/or Senator(s) who is the sponsor as specified in the Appropriation.
5. Project Title
6. Project Purpose and Goals
7. Project Design (Select One)
 - Direct Training and Employment Project: The project is a direct workforce training program where participants receive grant-funded employment and training services.
 - Single- or Limited-action Project: The project supports the development and/or expansion of workforce programs that serve a public benefit.
8. Project Activities: Provide specific details on key project activities that will support the project design and serve a public purpose.
9. Proposed Period of Performance Duration
10. Project Location
11. Target Population and/or Intended Public Beneficiaries:
 - For Direct Training and Employment Projects: List the target populations who will receive direct grant funded services; or
 - For Single- or Limited-action Projects: List the intended beneficiaries who are indirect recipients of the project.
12. Workforce System Partner (s), if applicable, including roles and responsibilities
13. Other Partners, if applicable, including roles and responsibilities
14. Subrecipient Activities, if applicable
15. Performance Outcome Goals, if applicable

Suggested Template: ETA Community Projects – Project Abstract

Attachment C: Project Narrative Guidance

A. Community Project Workforce Program

Community Project recipients must design their project to align with the Congressionally approved description included in Division D Further Consolidated Appropriations Act, 2024 and provided in this TEGL as [Appendix I Eligible Applicants](#). The Department recommends that the application clearly articulate a project purpose, utilize a significant amount of the funding for direct employment and training services to individuals, propose a program or services to address the project goals, have measurable outcomes, demonstrate evidence of a linkage with the State or local workforce system, and include activities/costs that are allowable per WIOA and the Federal Uniform Guidance.

The Project Narrative is a comprehensive framework and description of the proposed project. It should provide a detailed description of the community issue or problem that the project will address. The Project Narrative must demonstrate the organization's capacity to implement the grant project in accordance with the provisions of this TEGL.

The Project Narrative is limited to 10 double-spaced, 8.5 x 11-inch pages using 12-point text font and 1-inch margins. Applicants must number the Project Narrative beginning with page number "1". The number of pages for the Project Narrative section does not include the other required attachments specified in Appendix IV this TEGL. The information provided in the Project Abstract ([Attachment B](#)) should be a summary of the Project Narrative. Applicants should also use the same section headers outlined below for each section of the Project Narrative.

1. Project Purpose and Statement of Need

- a. Provide a statement that the program design aligns with the project description authorized by Congress. Projects must utilize grant funding for direct employment and training services to individuals or for the development of workforce programs that serve a public benefit.
- b. Provide a description of the statement of need, workforce challenges and opportunities in the community where your project will be implemented. Applicants may use measurable data and labor market information to support the statement of need.

2. Program Design and Description of Activities

- a. Specify if the program design is a Direct Training and Employment Project, or a Single- or Limited-action Project, as defined below:

- Direct Training and Employment Project: The project supports a workforce training program where participants receive grant-funded employment and training services.
 - Single- or Limited-action Project: The project supports the development and/or expansion of workforce training program where the public will benefit from the project.
- b. Provide a detailed description of the project’s key activities and costs that are allowable per WIOA and Uniform Guidance.
- Direct Training and Employment Project: Describe the grant-funded training activities, employment services, and supportive services that will be provided to the target population. These activities may be, but are not limited to, the types of training, target industries and occupations for which training will be provided, and any program completion outcomes such as credentials earned and employment outcomes.
 - Single- or Limited-action Project: Describe the grant-funded activities that will support the development and/or expansion of a workforce training program. These activities may be, but are not limited to, capacity-building projects, designing a training program and developing curriculum, establishing sector strategies, or other related activities where the public will benefit directly from this project.
- c. Describe any additional activities and/or services that support the project’s program design to achieve the overall goals and objectives of this project.

3. Target Geographic Service Area

- a. Indicate if the project has a regional or local scope for the delivery of services.
- b. Specify the geographic area where the project will be implemented, and where services will be provided.

4. Target Population (s) or Intended Public Beneficiary

- a. Provide a description of the target population (for Direct Training and Employment Projects) or the intended public beneficiary (for Single- or Limited-action Projects) that addresses the employment and training needs of workers with significant barriers to employment. These individuals may be, but not limited to, the target populations listed in the Appropriations, such as Dislocated Workers, Other Adults and Youth, as defined in WIOA.
 - Eligible Dislocated Workers are defined as workers affected by major economic dislocations, such as plant closures, mass layoffs, or closures and realignments of military installations.

- Eligible Youth is defined as: 1) Out-of-School Youth who is not attending any school (as defined under State law; and is not younger than age 16 or older than age 24 at the time of enrollment; and 2) In-School Youth who is attending school (as defined by State law), including secondary and postsecondary school, and not younger than age 14 or older than 21 at time of enrollment. Further eligibility requirements apply for both target populations.
- Eligible Other Adults are individuals with significant barriers to employment.

5. Proposed Period of Performance Duration

- a. Specify the proposed duration for the project using the following guidelines:
 - Projects may propose up to a 36-month period of performance, and no less than 12 months, as appropriate to the program design.
 - Recipients should consider a 4- to 6-month ramp up period to plan for the implementation of their projects when proposing the appropriate period of performance duration.
 - Do not specify start and end dates for the period of performance (PoP). These will be specified in the Notice of Award when the grant is awarded.

6. Community Project Linkages to the Workforce System and Other Partnerships

- a. Applicants are strongly encouraged to develop linkages with the public workforce system to support the program design and delivery of the Community Project.
 - Describe the project's partnership with State and local workforce development boards, workforce intermediaries, or American Job Centers and their role in the implementation and delivery of services for the project.
- b. Applicants may also partner with other organizations, such as workforce intermediaries, social service, and community-based organizations to support the project.
 - Describe the project's partnership with other organizations such as, but not limited to, training and service providers, and workforce, industry, and employer partners, and their role in the implementation and delivery of services for the project.
- c. Applicants must describe how they plan to manage the project with all partners and staff, including, but not limited to, how to ensure effective communications and accountability between all partners, and the quality and timely delivery of services and/or products (as applicable).

- If applicable, describe how the use of contracts and/or subawards are used to establish partnerships, as defined in Appendix VI. If partners with the workforce system or other organizations are established for this project.
 - Applicants may indicate N/A if partnerships do not require the use of contracts or subawards.
- d. Applicants must include a Letter of Commitment or Memorandum of Understanding (MOU) from each partner. Letters and MOUs must be specific in describing their roles and commitment to the project's deliverables. Each letter and MOU must be on organizational letterhead, signed by an individual at the partner organization who has the authority to commit the organization, and be dated no earlier than six months prior to the publication of this TEGL. Letters of Commitment or Memorandum of Understanding (MOUs) from each partner must be submitted as separate attachments to the Project Narrative. See [Attachment G](#) for additional guidance.

7. Performance Measures and Target Outcome Goals

- a. Describe the proposed performance measures and target outcome goals that support the effective account of the project's success. Applicants may also use the suggested Template provided in [Attachment F](#).

8. Recipient Capacity

- a. Demonstrate the organization's capacity to apply effective grant management principles by describing prior or current experience in managing and administering grant programs. These may be programs that are funded by federal, state, or local agencies, philanthropic organizations, or other sources of grant funding.
- b. Provide an overview of the project work plan to manage the project, including, but not limited to, a description of the organization's process and procedures for staffing; procuring and delivering workforce services; recruiting and enrolling target participants (as applicable); implementing the program and delivering services, and supporting the quarterly reporting requirements of the grant. The work plan may also be described using [Attachment D](#).

Attachment D: Suggested Template Work Plan

Applicants must provide a workplan to describe how their project will be implemented within the grant period of performance. The work plan must clearly describe program goals and related activities, responsible organization, key milestones, a description of the final deliverables, the timeframe for conducting the activities and expected completion date, which are defined below:

- **Project Goals:** The overarching goals the project will achieve.
- **Related Goal Activities:** The major activities to achieve the project goals.
- **Responsible Project Staff or Partner:** The grantee’s project team, or partnering organizations, that will lead the implementation of key activities and completion of the specific deliverables.
- **Milestones:** The key markers of grant progress. These are typically expressed in the form of an action or event marking a significant change or stage in development.
- **Final / Mid-Grant Deliverables and Outcomes:** All outcomes and deliverables of the project. If this is a direct service project, then it should include the number of participants to be served.
- **Timeframe:** This is the estimated period to implement each activity, expressed as Year 1, Year 2, or Year 3, depending on the proposed duration of the period of performance. Since this may vary depending on the period of performance start date, do not include specific dates.
- **Expected Completion Date:** This is the estimated target completion date for each activity, expressed as Year 1, Year 2, or Year 3. Since this may vary depending on grant start date, do not include specific dates.

Applicants may use the suggested work plan template below, or a document of similar structure reflecting all sections of the workplan and should be replicated for each project goal.

Goal 1	Goal Activities	Responsible Project Staff or Partner	Milestones	Final (or Mid) Deliverables and Outcomes	Timeframe	Expected Completion Date
	Activity 1		Milestone 1		Year 1	Year 3
	Activity 2		Milestone 2		Year 1	Year 3
	Activity 3		Milestone 3		Year 1	Year 3

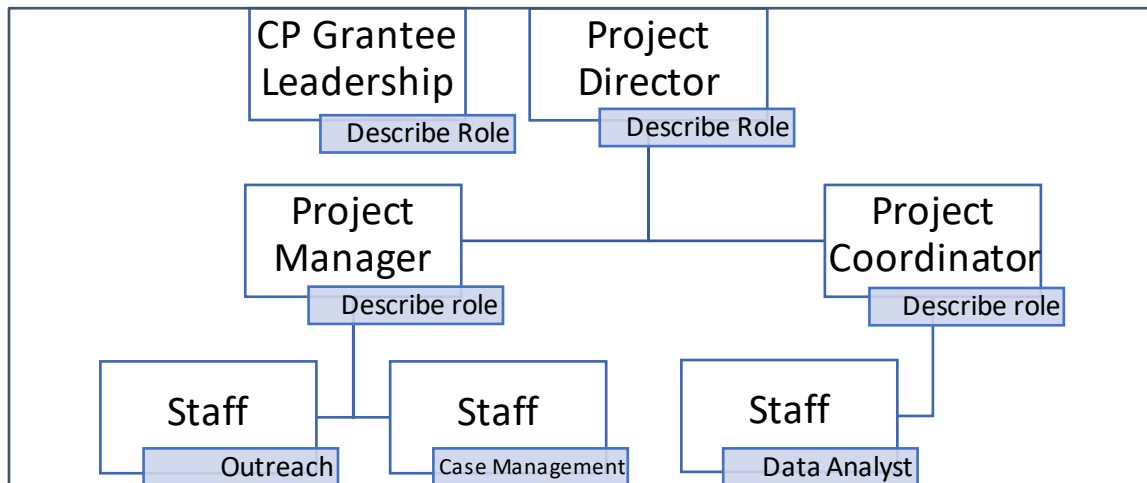

Goal 2	Goal Activities	Responsible Project Staff or Partner	Milestones	Final (or Mid-Grant) Deliverables and Outcomes	Timeframe	Expected Completion Date
	Activity 1		Milestone 1		Year 2	Year 3
	Activity 2		Milestone 2		Year 2	Year 3
	Activity 3		Milestone 3		Year 2	Year 3

Attachment E: Suggested Organizational Chart Template

Applicants must submit a Community Project Team organizational chart that identifies the grantee and project partners staff that is spearheading the project. The team organizational chart should provide a clear understanding of the project’s staffing plan to illustrate that the grantee and its partners have the capacity to fulfill their project commitments.

The organizational chart should include job positions/titles that will specifically be assigned to the project, allowing ETA staff to understand how your project will be managed. It should also include an overview of the grantee’s relationships with external partners, including the partners’ specific role to the project.

Please do not submit an organizational chart that reflects the grantee’s internal structure of departments and staff. Specific persons’ names do not have to be included in the organizational chart.

If applicable, recipients may provide an additional chart listing partners based on the type of partnership.

Attachment F: Performance Measures and Target Goals and Suggested Template

Applications are strongly encouraged to propose performance measures and target goals as it aligns with their program design. To support recipients with the development of their performance goals, the following definition of terms is provided:

- **Participant:** A participant is an individual who has received grant-funded services after satisfying all applicable programmatic requirements for the provision of services, such as eligibility determination.
- **Total Participants Served:** The total number of participants is defined as those receiving grant-funded services upon determination of eligibility.
- **Total Participants Received Education/Job Training Activities:** The number of participants that enroll in grant-funded education/job training activities.
- **Total Participants Completed Education/Job Training Activities:** The number of participants that enroll in grant-funded education/job training activities and successfully complete education/job training activities.
- **Total Participants that Enter Unsubsidized Employment:** The number of participants that enter employment in the private sector or public sector for which the employer does not receive a subsidy from public funds to offset all or a part of the wages and costs of employing an individual.

Suggested Template

As applicable, participants may use the suggested template below to propose performance measures and target outcome goals described in the Project Narrative. Quantitative performance measure target goals must be proposed as raw numbers. Do not use a percentage rate, unless a baseline raw number is provided, that can be used for calculation purposes.

Type of Measure (Qualitative or Quantitative)	Proposed Performance Measure (s)	Description (if applicable)	Proposed Target Goal

Attachment G: Letters of Commitment Guidance

Project partners are organizations that will be responsible for a key aspect of the program, including all sub-awards. Whenever such a partnership is developed, a letter of commitment from or Memorandum of Understanding (MOU) with each partnering organization must be included to affirm their commitment. Letters of commitment and/or MOUs are not general letters of support. They must be explicit and detailed. Letters and/or MOUs must be specific in committing to roles and deliverables. Specifically, they should:

- Be on the partner’s organizational letterhead.
- Provide a description of the relationship of the organization with the Lead Applicant organization.
- Support the role defined for the partner in the Project Narrative.
- Specify activities, goals, outcomes to be achieved by the partner, as applicable.
- Be signed by an individual at the partner organization that has the authority commit the organization.

Attachment H: Financial System Risk Assessment (FSRA) Suggested Format

All applicants are required to submit the following information as an attachment to their application (suggested template below) for ETA to assess the applicant’s Financial System. This information will be considered as one component of ETA’s Risk Review Process. Applicants may use the suggested template or fillable version included under Other Supporting Documents, or they may answer the questions in a separate attachment. It is unlikely that an organization will be able to manage a federal grant without the following system/processes in place. Applicants are expected to have these in place before applying for a grant with ETA.
