SUBJECT: Notice of 2005 Agricultural Business and Workforce System Integration Forums

1. Purpose. To announce upcoming Agricultural Business and Workforce System Integration Forums during which ETA will share its vision for integration of services to migrant and seasonal farmworkers and agricultural employers.
2. Reference. Workforce Investment Act of 1998; Wagner-Peyser Act of 1933, as amended.
3. Background. ETA's vision for the evolving public workforce system includes broadening and integrating One-Stop service delivery for migrant and seasonal farmworkers so that all One-Stop workforce solutions are available to them, as well as better serving the workforce needs of the American agricultural business sector to better compete in the global marketplace. These Agricultural Business and Workforce System Integration Forums will involve key local and State Workforce Board members, state and local agency staff, One-Stop partners, representatives from the agricultural business/employer community, and senior ETA leadership.

A preliminary agenda for the forum is attached. Each forum will feature:

- Presentations from senior ETA leadership on the vision and expectations for a demand-driven public workforce system and its service delivery to agricultural employers and workers
- A panel of agricultural employers
- A panel of public workforce system staff experienced in serving agricultural employers and workers
- Small group sessions to discuss the challenges to serving the agricultural community and develop solutions to these challenges.

Input from these forums will be used by ETA to guide the development of workforce policy and the design of future research and demonstration projects.

4. Forums. Three forums will be held as follows, beginning on 1:00 PM on the first day and ending by 3:00 PM on the second day:
