

<b>EMPLOYMENT AND TRAINING ADMINISTRATION          ADVISORY SYSTEM          U.S. DEPARTMENT OF LABOR          Washington, D.C. 20210</b>	<b>CLASSIFICATION</b> UI
	<b>CORRESPONDENCE SYMBOL</b> OUI/DFAS
	<b>DATE</b> August 17, 2018

**ADVISORY:** UNEMPLOYMENT INSURANCE PROGRAM LETTER NO. 13-18

**TO:** STATE WORKFORCE AGENCIES

**FROM:** ROSEMARY LAHASKY  
 Deputy Assistant Secretary 

**SUBJECT:** Guidelines for Fiscal Year (FY) 2018 State Agency Unemployment Insurance (UI) Resource Allocations, Supplemental Budget Requests (SBRs), and Above-Base Funding

1. **Purpose.** To provide information to states about FY 2018 UI State Administration base resource allocations, general guidelines for resource planning, above-base funding, and SBRs.

2. **References.**

<b>RESCISSIONS</b> None	<b>EXPIRATION DATE</b> September 30, 2023
----------------------------	--

3. **Appropriation.** The FY 2018 consolidated spending bill that included the appropriations for state UI operations (Pub. L. 115-141) was enacted on March 23, 2018. The table below summarizes the average weekly insured unemployment (AWIU) levels and dollar amounts corresponding to the FY 2018 President’s Budget request and the FY 2018 appropriation.

Summary of FY 2018 UI Budget Authority

	<b>Budget Request</b>	<b>Appropriation</b>	<b>Difference</b>
AWIU Contingency Trigger	2,154,000	2,246,000	92,000
State Administration	\$2,505,775,000	\$2,519,600,000	\$13,825,000
RESEA / Integrity	\$130,000,000	\$120,000,000	(\$10,000,000)
National Activities	\$12,000,000	\$13,897,000	\$1,897,000
Total	\$2,647,775,000	\$2,653,497,000	\$5,722,000

The appropriation allows these funds to be available for obligation by the states through December 31, 2018, except that funds used for automation or competitive grants awarded to states for improved operations and to conduct in-person reemployment and eligibility assessments and unemployment insurance improper payment reviews and provide reemployment services and referrals to training, as appropriate, are available for obligation by the states through September 30, 2020. If the automation is being carried out through a consortia of states, the states must obligate funds by September 30, 2023, and expend them by September 30, 2024. Funding of \$9,000,000 for the Unemployment Insurance Integrity Center of Excellence is available for obligation by the state through September 30, 2019.

4. **Final Base Allocations.** The final FY 2018 base allocations are identical to the planning targets at a 2.0 million AWIU level. The attached table shows the total full-year base allocation to each state in FY 2018.
5. **Above-Base Administration.**
- a. **Above-Base and Contingency Funding.** The FY 2018 appropriation is estimated to be sufficient to provide adequate resources for workloads associated with an AWIU of 2.154 million. Under current projections, this appropriation will allow for 100 percent reimbursement of above-base administrative expenses. If the actual workload levels increase and approach an AWIU level exceeding 2.154 million, the Employment and Training Administration (ETA) may need to reconsider full reimbursements of above-base payouts.
- b. **Emergency Unemployment Compensation (EUC).** Administrative costs for the expired EUC program will continue to be based on quarterly EUC workloads and funded through the UI-3 process. EUC administrative funding is subject to sequestration of 6.6

percent as described in the OMB Report to the Congress on the Joint Committee Reductions for Fiscal Year 2018 and UIPL No. 06-18.

- c. Support. The overhead for above-base state UI, Trade Adjustment Assistance, Alternative Trade Adjustment Assistance, and Reemployment Trade Adjustment Assistance administration remains at 19 percent.
  - d. Postage. Above-base funding for postage will be issued to states on a quarterly basis using the above-base weeks claimed as reported on the UI-3 reports. For any quarter, above-base weeks claimed will be those in excess of 25 percent of the FY 2018 base weeks claimed issued in the planning targets. The above-base postage will be paid at 29.0 cents per above-base week claimed.
  - e. Trade Readjustment Allowance (TRA) Redeterminations. Currently, there are no court decisions on the TRA program that would require the states to make monetary redeterminations. If one occurs, states should follow the UI-3 reporting instructions in ET Handbook No. 336, 18<sup>th</sup> Edition.
6. **Supplemental Budget Requests (SBRs)**. Generally, instructions for SBRs are provided through UIPLs. The SQSP Handbook also contains SBR instructions and procedures for SBRs. Pending funding availability, states may submit a Standard Form (SF) 424 (OMB Approval No. 4040-0004) and SF 424A (OMB Approval No. 0348-0444) for additional funds for certain types of administrative costs (listed below) that are not funded within the states' base and above-base grants.
- a. Special Projects. FY 2018 funding for Reemployment Services and Eligibility Assessments (RESEAs) will be provided to states to continue activities in accordance with each state's approved FY 2017 RESEA program.
  - b. Submission Requirements. To achieve greater efficiency and as part of ETA's ongoing effort to streamline the grant award process, SBR submissions must be made using an electronically signed copy of the SF-424 - Application for Federal Assistance, and the SF-424A - Budget Information for Non-Construction Programs, through Grants.gov (<https://www.grants.gov/web/grants/forms.html>). Additional information on use of Grants.gov for SBR submission will be included in guidance announcing SBR opportunities.
  - c. Travel. Travel dollars are available for Benefit Accuracy Measurement Peer Reviews, Benefits Timeliness and Quality Tripartite Reviews, and Tax Performance System reviews. States should provide travel estimates and reimbursement requests to the appropriate regional office rather than submitting an SF 424 for these travel dollars.
7. **Nationally Funded Activities**. As provided in the State Unemployment Insurance and Employment Service Operations appropriation, the US Department of Labor will, on behalf

of the states, make payments to the entities operating the National Directory of New Hires and the State Information Data Exchange System for use by the states.

8. **State Flexibility.** All state UI administrative grant funds must be used in accordance with Section 303(a)(8) of the Social Security Act and the cost principles contained in 2 C.F.R. Part 200, and 2 C.F.R. Part 2900. Beyond this, states have discretion to expend these grant funds as they deem appropriate and necessary to manage and operate their UI programs to meet established goals and requirements within the parameters of the Social Security Act and the appropriation. The only caveat is that states must use the annual allocated staff-year level for claims activities for above-base reporting purposes. This ensures that states do not earn more above-base resources than they otherwise would have been entitled to earn. This flexibility does not pertain to funding issued for special projects or supplemental budget requests; funding for these purposes must be spent in accordance with the spending plans approved for these respective projects.
9. **Action Requested.** State Administrators are requested to provide copies of this information to the appropriate staff.
10. **Inquiries.** Questions should be addressed to the appropriate regional office.
11. **Attachment.** State UI Base Administrative Grants – FY 2018.

State UI Base Administrative Grants  
FY 2018

	Administration	Postage	Total
National Total	\$2,293,380,000	\$114,330,000	\$2,407,710,000
Alabama	25,755,067	1,128,693	26,883,760
