

POLICY GUIDANCE: Required Non-Performance Evaluation Data

- Page 16 of the FOA states “Information on the numbers of Job Corps Scholars requiring developmental education coursework, the numbers and types of courses required, and the completion time must be collected. This information is not a performance evaluation factor.”
- Although the aforementioned data is not a performance evaluation factor, this data is critical in gaining understanding about required prerequisites that Job Corps eligible youth must take to successfully participate in and complete courses/trainings offered at the grantees’ colleges/universities.
- Grantees must develop internal systems or processes to track the aforementioned information. Grantees should submit this information on a quarterly basis in the quarterly narrative reports.
