

I. Significant Migrant and Seasonal Farmworker (MSFW) States ¹

The following states are designated as significant MSFW states.

Arizona	Iowa	Ohio
Arkansas	Kentucky	Oregon
California	Michigan	Puerto Rico
Colorado	Missouri	Texas
Florida	New Mexico	Washington
Georgia	New York	Wisconsin
Idaho	North Carolina	

[20 CFR 653.107\(a\)\(4\)](#), as revised by the [Wagner-Peyser Staffing final rule](#), requires that each SWA must ensure that there are an adequate number of outreach staff employed in the state to conduct MSFW outreach in each service area of the state and to contact a majority of MSFWs in the state annually. In the 20 states with the highest estimated year-round MSFW activity, as identified by the Department, there must be full-time, year-round outreach staff to conduct outreach duties. Full-time means each individual outreach staff person must spend 100 percent of their time on the outreach responsibilities described in [paragraph \(b\)](#) of this section. For the remainder of the states, there must be year-round part-time outreach staff, and during periods of the highest MSFW activity, there must be full-time outreach staff. These staffing levels must align with and be supported by information about the estimated number of farmworkers in the state and the farmworker activity in the state as demonstrated in the state's Agricultural Outreach Plan (AOP) pursuant to [20 CFR 653.107\(d\)](#). All outreach staff must be multilingual, if warranted by the characteristics of the MSFW population in the state, and must spend a majority of their time in the field.

Note: Arkansas, New York, and Wisconsin were not designated as significant MSFW states in program year (PY) 2022 but they are designated as significant MSFW states for PY 2023, which began July 1, 2023. Arkansas, New York, and Wisconsin must comply with the requirements at [20 CFR 653.107\(a\)\(4\)](#) to have full-time, year-round outreach staff by the beginning of the fourth quarter of PY 2023 on April 1, 2024.

¹ Significant MSFW states are those states designated by the Department and must include the 20 states with the highest estimated number of MSFWs. [20 CFR 651.10](#).

Significant MSFW State designations in this document will remain applicable until the Department issues a subsequent determination.

II. Significant MSFW One-Stop Centers ²

The following one-stop centers are designated as significant MSFW one-stop centers. ^{3 4}

South Central Phoenix
Kingman

Table 2 Arkansas

Significant MSFW One-Stop Center
Forrest City
West Memphis

² The one-stop centers included in this list are designated as significant MSFW one-stop centers under [20 CFR 651.10](#) because they are either:

- Employment Service (ES) offices where MSFWs account for 10 percent or more of annual participants in employment services, or
- ES offices which the administrator determined must be included due to special circumstances, such as an estimated large number of MSFWs in the service area.

³ Data Source: Information obtained from SWAs submitted data through the Wagner-Peyser Performance Report (ETA-9173) as of September 20, 2023, and from data SWAs have submitted directly to ETA Regional offices since PY 2022.

⁴ Significant MSFW one-stop center designations in this document will remain applicable until the Department issues a subsequent determination.
