Office of Foreign Labor Certification CW-1 Wage Table July 1, 2024

The Northern Mariana Islands U.S. Workforce Act of 2018 requires the Department of Labor (DOL) to use or make available an occupational wage survey conducted by the Governor of the Commonwealth of the Northern Mariana Islands (CNMI). The Secretary of Labor is required to determine whether the survey meets the statistical standards for determining prevailing wages on an annual basis.

Wages that meet the regulatory standards are used as prevailing wages under the CW-1 program. In the absence of an approved wage in the Governor's survey for a given occupation, the prevailing wage is the occupation's Occupational Employment and Wage Statistics (OEWS) mean wage in Guam. Where there is no Guam OEWS mean wage available, the prevailing wage is the national mean wage, adjusted for purposes of the CW-1 visa program.

On June 1, 2024, the CNMI Governor submitted an occupational wage survey to DOL's Office of Foreign Labor Certification (OFLC), based on the 2018 Standard Occupational Classification (SOC) system. The survey documents show that worker wages were collected for 502 SOC occupations. OFLC confirmed that wages for 432 SOC occupations met the regulatory standards, and 70 did not.

The 2024-25 CW-1 Wage Table contains 848 SOC occupations:

- 432 are assigned Governor's survey wage values;
- 31 are assigned Guam OEWS mean wage values; and
- 385 are assigned Adjusted OEWS wage values.

These wages will become effective on July 1, 2024 and will remain valid through June 30, 2025.

The adjustment factor to the national OEWS occupational wage values for July 1, 2024 to June 30, 2025 is 0.64. This adjustment factor is based upon OEWS data (https://www.bls.gov/oes/#data).

Employers must file requests for prevailing wage determinations under the CW-1 program using Form ETA-9141C via the FLAG system.

The wages issued for the CW-1 program are based on the wage source available at the time the prevailing wage determination is issued. The validity period for each prevailing wage determination is based upon the date that the determination is issued but shall not be valid for fewer than 90 days. The validity period of the prevailing wage is listed at the bottom of each page of the determination and in Section E of the determination. Employers must submit Form ETA-9142C via the FLAG system within the prevailing wage determination's validity period.

In addition, employers who receive a prevailing wage determination with a Guam OEWS mean wage or OEWS adjusted mean wage that has subsequently been replaced by an approved Governor's survey wage must file a new request for a prevailing wage determination with OFLC to receive the approved survey wage. A request to change a prevailing wage determination from an OEWS wage to the Governor's survey wage is not considered a valid request for Center Director Review or appeal.

¹ Occupations with Guam OEWS mean wage values at a Geo Level 1 and Geo Level 3 both meet the statutory requirement of the "arithmetic mean of the wages of workers similarly employed in the territory of Guam according to the wage component of the Occupational Employment Statistics Survey" and are included in the CW-1 Wage Table as Guam OEWS mean wage values. See 48 U.S.C. 1806(d)(2)(B).
