NOTICE OF CRITICAL STATUS FOR THE LOCAL 888 PENSION FUND

The purpose of this Notice is to inform you that, on March 30, 2012, the actuary of the Local 888 Pension Fund ("Fund") certified to the U.S. Department of the Treasury, and also to the Board of Trustees of the Fund, that the Fund is in critical status for the Plan Year beginning January 1, 2012. Federal law requires that you receive this Notice.

The Fund is considered to be in critical status because it has funding or liquidity problems, or both. More specifically, the Fund's actuary determined that (1) over the next three succeeding Plan Years, the Fund is projected to have an accumulated funding deficiency, and (2) the sum of the plan's normal cost and interest on the unfunded benefits for the current Plan Year exceeds the expected contributions for the year; the present value of vested benefits of non-active participants is greater than the present value of vested benefits of active participants; and over the next four succeeding Plan Years, the Fund is projected to have an accumulated funding deficiency.

Rehabilitation Plan and Possibility of Reduction in Benefits

Federal law requires pension plans in critical status to adopt a rehabilitation plan aimed at restoring the financial health of the plan. The law permits pension plans to reduce, or even eliminate, benefits called "adjustable benefits" as part of a rehabilitation plan. If the Fund's Trustees determine that benefit reductions are necessary, you will receive a separate notice in the future identifying and explaining the effect of those reductions. Any reduction of adjustable benefits (other than a repeal of a recent benefit increase, as described below) will not reduce the level of a participant's basic benefit payable at normal retirement. In addition, the reductions will apply only to those participants and beneficiaries whose benefit commencement date is on or after April 29, 2010. But, you should know that whether or not the Fund reduces adjustable benefits in the future, effective on April 29, 2010, the Fund is not permitted to pay lump sum benefits (or any other payment in excess of the monthly amount paid under a single life annuity) while it is in critical status.

Adjustable Benefits

The Fund offers the following adjustable benefits which may be reduced or eliminated as part of any rehabilitation plan the Fund may adopt:

- Post-retirement death benefits;
- Sixty-month payment guarantees;
- Disability benefits (not yet in pay status);
- Early retirement benefit or retirement-type subsidy;
- Benefit payment options other than a qualified joint and survivor annuity (QJSA);
- Recent benefit increases (i.e. occurring in the past 5 years);
- Other similar benefits, rights or features under the Plan

Employer Surcharge

The law requires that all contributing employers pay to the Fund a surcharge to help correct the Fund's financial situation. The amount of the surcharge is equal to a percentage of the amount an employer is otherwise required to contribute to the Fund under the applicable collective bargaining agreement. With some exceptions, a 5% surcharge was applicable in the initial critical year (2010) and a 10% surcharge is applicable for each succeeding Plan Year thereafter in which the Fund is in critical status until the effective date of a collective bargaining agreement that includes terms consistent with the Rehabilitation Plan.
