**NOTICE OF FUNDED STATUS OF PENSION PLAN**

**TO:** PARTICIPANTS, BENEFICIARIES, CONTRIBUTING EMPLOYERS AND TEAMSTERS LOCAL 282

**FROM:** BOARD OF TRUSTEES OF THE TEAMSTERS LOCAL 282 PENSION TRUST FUND

**DATE:** June 30, 2009

---

**BACKGROUND**

Based on funding criteria set forth in the Internal Revenue Code, multiemployer pension plans are required – beginning with the 2008 plan year – to be certified by their actuaries as being in one of three funded status zones:

- Neither Endangered nor Critical (unofficially called the "Green Zone")
- Endangered or Seriously Endangered (unofficially called the "Yellow" or "Orange Zone")
- Critical (unofficially called the "Red Zone")

While trustees of Green Zone plans must continue to exercise diligence to protect the funded position of their plans, the law does not require them to take any specific actions or adopt particular programs to maintain or improve plan funding. On the other hand, trustees of plans that are not in the Green Zone must take specific actions spelled out in the law, including the adoption of a "funding improvement plan" for plans in endangered status or a "rehabilitation plan" for plans in critical status that are designed to restore the plans to Green Zone status over a period of time. For example, a plan in endangered status may reduce or eliminate future benefits or recommend that the bargaining parties negotiate additional employer contributions.

Recognizing that the value of the assets, and therefore the funding, of almost all pension plans has declined due to the impact of the current economic crisis, Congress passed the *Worker, Retiree and Employer Recovery Act of 2008 (WREERA)*. The law allows multiemployer plan trustees to take more time to devise a plan of action for dealing with these issues by giving them the option to keep their plan in its 2008 plan year's zone status for one more year – regardless of the plan's actual funded status for the 2009 plan year.

### **2008 PLAN YEAR CERTIFICATION**

The Plan's actuary certified the Plan's zone status for the March 1, 2008 through February 28, 2009 plan year to be neither endangered nor critical (which means that it is in the "Green Zone").

### **2009 PLAN YEAR CERTIFICATION**

For the March 1, 2009 through February 28, 2010 plan year, the Plan's actuary has certified the Plan to be in Seriously Endangered status ("Orange Zone") because the Plan is projected to have a funding percentage of less than 80% and a minimum funding deficiency within seven (7) years.

### **ELECTION TO CONTINUE TO USE THE 2008 PLAN YEAR ZONE CERTIFICATION**

In accordance with the provisions of WRERA, the Trustees have voted to "freeze" the Plan's 2008 plan year Green Zone certification and have it apply to the 2009 plan year. Therefore, while the Trustees may take certain actions to improve the funding position of the Plan, they will not adopt a funding improvement plan at this time.

The freezing of the Plan's 2008 plan year Green Zone status does not extend beyond February 28, 2010. By May 29, 2010, the Plan's actuary will again certify its funded status and zone classification. If the Plan is certified to be in either endangered or critical status, within 30 days after the date of certification, you will be sent a notice similar to this one explaining the Plan's zone status and actions that the Trustees may be required to take under the law which may include an increase in contributions and/or a reduction in future benefit accruals.

### **WHAT'S NEXT?**

We understand that legally required notices like this one can create concern about the Trust's future. Be assured that the Board of Trustees takes its obligation to preserve the financial viability of the Trust very seriously. With the assistance of the Trust's actuary, legal counsel and other Plan professionals, and working with the contributing employers and the Union, the Trustees will continue to work towards strengthening the funded position of the Plan. Since the Pension Trust is influenced by economic and financial variables beyond our control (e.g., market volatility and changes in employment and/or the number of contributing employers), unexpected developments can affect the Trust's status and any future corrective actions needed. The Board of Trustees is continuously monitoring and reviewing the Plan's progress with its professional advisors.

### **QUESTIONS?**
