START INITIAL APPLICATION (00)

This project includes FFY 2021 Section 5311 CRRSAA funding in the amount of \$83,136,662 (out of \$164, 001,414 available) representing 50.69% federal share of the total eligible amount. The grant activities in this CRRSAA sub-allocation will be used for operating projects in rural areas across the state and program administration. The application scope of work includes eligible operating activities utilizing CRRSAA funding to prevent, prepare for, and respond to coronavirus. No future CRRSAA grant requests will be made for remaining project costs.

Under the CRRSAA, Washington State received a total apportionment of \$164,001,414 in Section 5311 Rural Area Formula Program funding.

Based on FTA's guidance, WSDOT's public transit division awarded \$53,426,254 of the total amount to non-profit and transit agencies operating in rural areas across the state. This is the amount required to cover the 125% level of these agency's operating expenses. This same methodology was used to award \$864,752 to the Colville Indian Tribes, who will apply for these funds independently, as a direct recipient. In addition, \$16,400,141 (10% of the total apportionment) will programmed for State administrative and support activities. The remaining \$13,310,267 will be used to fund additional subrecipient needs through a secondary process. Due to the changing nature of the current public health emergency, this approach will provide maximum flexibility to WSDOT.

In addition, of the total apportionment amount, \$80,000,000 was allocated to Washington State Ferries for eligible net operating expenses (operating expense - farebox revenue) on eligible rural routes as reported in the National Transit Database.
