Application Executive Summary

Amendment #2 - The Tribe has \$20,521 unspent FY19 Tribal Transit Program (TTP) funds that were programed for Emergency Relief (ER) activities and are past their period of availability/lapsed.

A previous amendment de-obligated \$20,521 from Project #2. This amendment will re-obligate this amount into Project #3 (Operating Assistance) so that the funds can be used before they lapse.

The Period of Performance will be extended to allow for adequate time to spend these funds.

Amendment #1 - The Tribe has \$27,596 unspent FY19 Tribal Transit Program (TTP) funds that were programed for Emergency Relief (ER) activities and are past their period of availability/lapsed.

This amendment will de-obligate \$20,521 from Project #2 and will then subsequently be moved into Project #3 (Operating Assistance) in a second amendment which re-obligates the funds.

\$7,075 of the unspent funds were improperly drawn down after they had lapsed but before they had been deobligated and reobligated in this grant amendment. The Tribe refunded this amount back to FTA and this money was reserved to the ACC for operating assistance. As such, the deobligation amount in this amendment is the difference between the original unspent funds and the amount refunded to the grant: \$ 20,521

The Period of Performance has also been extended to allow for adequate time to spend these funds.

BACKGROUND

In January 2022, FTA Region 8 notified the Tribe that ER flexibilities would be coming to an end on 1/20/2022 and if any remaining funds were left in this activity, they would need to be de-obligated. Because these funds were past their period of availability, they would no longer be accessible to the Tribe to be re-obligated. Several months later the Tribe inquired about moving the ER funds into another activity rather than deobligating and losing the funds.

Following this request, Region 8 contacted TPM to see if this was an option for lapsed funds that had been transferred into an ER account and FTA HQ advised the Region to pursue a Zero Dollar Amendment to transfer of lapsed funds into another line item in the existing grant. This approach is consistent with how typical TTP funds would be handled.

FTA approved this scope change on Nov 8, 2022 via email. This email conversation is attached in the application documents.
