LM File Number 041-583

Case Number: [REDACTED]

Dear Mr. Wildt:

This office has recently completed an audit of Transportation Union Local 1386 under the Compliance Audit Program (CAP) to determine your organization's compliance with the provisions of the Labor-Management Reporting and Disclosure Act of 1959 (LMRDA). As discussed during the exit interview with you on March 22, 2007, the following problems were disclosed during the CAP. The matters listed below are not an exhaustive list of all possible problem areas since the audit conducted was limited in scope.

The CAP disclosed the following violations:

Title II of the LMRDA establishes certain reporting and recordkeeping requirements. Section 206 requires, among other things, that adequate records be maintained for at least 5 years by which each receipt and disbursement of funds, as well as all account balances, can be verified, explained, and clarified. As a general rule, all records used or received in the course of union business must be retained. This includes, in the case of disbursements, not only the retention of original bills, invoices, receipts, and vouchers, but also adequate additional documentation, if necessary, showing the nature of the union business requiring the disbursement, the goods or services received, and the identity of the recipient(s) of the goods or services. In most instances, this documentation requirement can be satisfied with a sufficiently descriptive expense receipt or invoice. If an expense receipt is not sufficiently descriptive, a note can be written on it providing the additional information. An exception may be made only in

those cases where 1) other equally descriptive documentation has been maintained, and 2) there is evidence of actual oversight and control over disbursements.

The audit of Local 1386's 2006 records revealed the following:

- There were a number of disbursements to officers and other business entities in which no receipts could be found, or the nature of union business could not be determined through the records.
- Several cancelled checks could not be found in the union's records. All cancelled checks must be retained.

As agreed, provided that Local 1386 maintains adequate documentation as discussed above in the future, no additional enforcement action will be taken regarding these violations.

The CAP disclosed a violation of LMRDA Section 201(a) which requires that a union submit a copy of its revised constitution and bylaws with its LM report when constitution or bylaw changes are made. A copy of Local 1386's constitution and bylaws has now been filed.

During the audit, you advised that President Darrell Mick signs blank checks in advance. The countersignature requirement is an effective internal control of union funds. Its purpose is to attest to the authenticity of a completed document already signed. However, countersigning a blank check in advance does not attest to the authenticity of a completed check, and completely circumvents and undermines the whole purpose of the countersignature requirement. I recommend that Local 1386 review these procedures to improve internal control of union funds.

I want to extend my personal appreciation to Transportation Union Local 1386 for the cooperation and courtesy extended during this compliance audit. I strongly recommend that you make sure this letter and the compliance assistance materials provided to you are passed on to future officers. If we can provide any additional assistance, please do not hesitate to call.

Sincerely,

Investigator
